

## IMPRESSIONS PADDLES

From the schoolgirl-over-your-knee fantasy to smacking your lover's ass as she struts by in seductive lingerie, chances are you've thought about erotic spankings. We have, too. But most whips and paddles seem a bit over the top. Not so with these fancy floggers. Emblazoned with hearts, stars, LOVE, OUCH and a slew of other sexy words, the paddles are a unique way to express your desires. Each smack will make an impression, leaving your lover's behind imprinted with the chosen design. And even if you don't want to hit hard enough to leave your mark, these paddles are a sure bet to spice up your love life.
